Description

This is a lovely 3 bed, 2 full bath, one car garage villa in Lake Heron, one of the most beautiful communities of it's kind in Pasco County. Vaulted ceilings throughout make it feel a lot bigger than 1,288 square feet, and the kitchen is huge.. with room for an dine-in table or set a table in the dining area outside the kitchen. The community grounds are painstakingly maintained by the association... the entire community was recently re-roofed. There is a (heated) community pool, and lighted tennis courts as well as a community park for social events, picnics and relaxation on the gazebo over-looking the lake. The home is MOVE-IN-READY
